Corwin Wright

Professor of Atmospheric Remote Sensing

Bath, United Kingdom c.wright@bath.ac.uk 0000-0003-2496-953X corwin365

Research

Research into atmospheric gravity waves and the dynamics of the stratosphere and mesosphere, using satellite observations and numerical modelling.

Academic Appointments

University of Bath, Professor of Atmospheric Remote Sensing — Jan 2023 – present

University of Bath, Royal Society University Research Fellow — Jan 2017 – Jan 2026

University of Bath, Research Officer, Research Fellow and Senior Research Fellow — Jan 2013 – Jan 2023
Research Officer (2013–2017); Research Fellow (2017–2019); Senior Research Fellow (2019–2023).

National Center for Atmospheric Research, Contract Researcher — Boulder, USA, Jan 2012 – Jan 2013

Université de Bretagne Occidentale, Postdoctoral Researcher — Brest, France, Jan 2011 – Jan 2012

National Center for Atmospheric Research, Postgraduate Scientist — Boulder, USA, Jan 2010 – Jan 2011

Education

DPhil **University of Oxford**, Atmospheric Physics — Jan 2006 – Jan 2010

MSc **University of St Andrews and Heriot-Watt University**, Photonics and Optoelectronic Devices — Jan 2005 – Jan 2006

MSci **Durham University**, Physics — Jan 2001 – Jan 2005

Selected Leadership

University of Bath, Director of Research, Electronic and Electrical Engineering — Jan 2025 – Jan 2026

University of Bath, Founding Co-Director, Centre for Climate Adaptation and Environmental Research — Jan 2022 – Jan 2026

SPARC Gravity Waves Activity, Co-Leader — Jan 2022 – present
